OR *Signifies Ordinance Boundary Stone.*

	<i>do do do fenced.</i>
	<i>do do do not fenced.</i>
	<i>do do do Building of Stone or Brick.</i>
	<i>do do do of Wood.</i>
	<i>do Private do of Stone.</i>
	<i>do do do of Wood.</i>
	<i>do Allowance for Public Road, not opened.</i>
	<i>do do do not opened.</i>

 Lines colored Red across Rivers are not Ordinance Boundaries but only the limits within which the water has been conveyed under the Public works of the said waters. Several of the River Navigators is secured to the Ordinance under the Statute Geo. IV. Chap. 1. s. 1.

Scale of Two Chains or 32 Feet to an Inch

The Ordnance Boundary Stones in 1810, Welford, were fixed in the ground by the undersigned
Land Surveyor. The remainder were fixed under the direction of the late Lieut Col By R.R.
the precise date is unknown. The whole determined and verified in my Survey as laid
down and delineated in this Plan.
